Ministerial Search Dates

After the Ministerial Search Committee kickoff on April 28th, we have been hard at work developing plans and the structure to bring in as much input from members and friends of the Beloved Community at Emerson. Each Sunday, the MSC will be available to answer questions for and take comments from anyone who wants to share with us in the fellowship hall during coffee/conversation time. <continued on page 10>
Give the Basket’s Summer Recipients

June 17 -- Foreverfamily

On June 17th, in honor of Father's Day, the Give the Basket recipient is Foreverfamily. Foreverfamily focuses on providing services to children with incarcerated parents and their families.

Ten million children in the United States have experienced a parent being incarcerated at some point. The difficulties and trauma associated with this can have an enormous impact on a child's development. Children with an incarcerated parent are seven times more likely to become incarcerated themselves.

Despite this, the children in these cases stay mostly forgotten. Foreverfamily aims to change this through several different programs. Their Youth Engagement Zone allows kids to identify problems in their communities and organize community service projects to combat them.

The Young Entrepreneurs Project introduces young adults to entrepreneurship by using mentors to help the participants identify and develop business ideas. Foreverfamily also shuttles children to the prison’s where their parents are, so they can keep their families bonds strong. They also have support programs in place to help the parents become better caregivers and transition back into the outside world.

Through all of these programs and more, 97% of the children who work with Foreverfamily refrain from participating in negative behaviors that could lead to later incarceration. The higher GPAs, leadership qualities, and improved behaviors exhibited by the participants have a huge impact on their communities and society at large.

If you'd like more information about Foreverfamily, or would like to know how to get involved, please visit http://www.foreverfam.org/.

What is Give the Basket?

Once a month, Emerson selects a non-profit organization that aligns with our UU values. All non-pledge donations on the designated Give the Basket Sundays are donated to this organization.

Make checks payable to Emerson UU Congregation

Please note pledge donations in the check margin. Otherwise, all donations will be given to the Give the Basket organization.

July 8 -- Bravo Victor Fund

Our recipient is the Bravo Victor Fund of the Cobb County Veterans Accountability and Treatment Court (VTC).

With patriotism in mind, our Give the Basket recipient for July is the Bravo Victor fund, which benefits the Cobb County Veterans Accountability and Treatment Court. VTC seeks to divert eligible veteran defendants with substance dependency and/or mental illness who are charged with felony criminal offenses, to a specialized criminal court. The court substitutes a treatment problem solving model for traditional court processing.

Many veterans are known to have a warrior’s mentality and often do not address their treatment needs for physical and psychological health care. Often those who are referred to the VTC are homeless, helpless, in despair, suffering from alcohol or drug addiction, and others have serious mental illnesses.

Their lives have been spiraling out of control. Through this program, the veteran is offered the opportunity to address the underlying conditions through treatment so that the veteran can regain stability, strengthen their family, and obtain housing and employment.

An essential part of VTC is the addition of volunteer veteran mentors as part of the support team that encourages, guides and motivates mentees to complete the 18-month treatment program for physical, psychological and substance abuse conditions stemming from their military service. The Bravo Victor Fund was established to provide funds to cover emergency needs and help veterans stay the course to successfully complete the VTC Program.

Program Mission: To successfully rehabilitate veterans by diverting them from the traditional criminal justice system by providing them with the tools they need to lead a productive and law-abiding lifestyle.

Program Goals: To increase public safety by reducing recidivism; provide better mental health, alcohol and drug treatment through the VA; turn tax burdens into tax payers; and provide intensive case management and structure to the veteran participants. If you'd like more information or want to volunteer, please visit www.cobbveteranscourt.org
**Summertime Adult Religious Exploration**

Summer brings a change of pace to our lives and to Adult Religious Exploration. Second hour (11:15 to 12:15 on Sunday mornings) will still be active with sermon reflections, a session directed to adults and a multi-generational activity each week. Making sack lunches for MUST ministries and fabric painting that will be turned into reusable napkins for coffee hour are just 2 of the exciting multi-generational activities that are being planned. Several Listening circles will continue to meet during the summer as well as the monthly Great Decisions discussions. BUT, there’s more!

Wonderful Wednesdays will continue through the summer. Come to share fellowship, conversation and a light dinner from 6 to 8 PM. On June 20, there will be a special Wonderful Wednesday of a potluck and celebration of the Summer Equinox hosted by Ginger White and Jas Darland. Watch the Notebook for more details.

For summer reading, we encourage all to read the UU common book read, “Daring Democracy: Igniting Power, Meaning and Connection for the America We Want” by Frances Moore Lappe and Adam Eichen. Several copies are available for check out from the office. We will offer group discussions of the book in the fall.

ARE committee is excited about a new series from the UUA that we will be offering in June and July. “A Call of Faith in Turbulent Times” is a 4 session series that is run like a listening circle. The UUA describes it: Many Unitarian Universalists and other people of faith are challenged by this moment in our nation’s history. The actions of political leaders raise large moral questions that compel many of us to explore what our faith commitments and values require of us.

We have learned that it is crucial to stay informed, yet information comes at us from every direction and not all sources are reliable. We are being asked by others to contact legislators, attend meetings, join in protests, have political conversations with friends and acquaintances, in some cases to take public action for the first time ever. Many turn to our congregations and faith communities for help to clarify how our values call us to respond and to strengthen us to act. The four sessions are titled “Call to Vision”, “Call to Love”, “Call to Imagination”, and “Call to Relationship in Action”. Each session has these intentions: To create a space to explore feelings regarding current events.

**UU Parenting**

Join the June 24 and July 22 UU Parenting facilitated discussions from 11:15am-12:15pm! This open group meets on the 4th Sundays monthly and welcomes parents of all ages; grandparents; adults who work with children and youth; and other adults with children playing a role in their lives. UU Parenting begins the UU Association series, “Parents As Resident Theologians”, and other UU Association parenting curricula starting in mid-August. Be sure to watch the weekly Emerson Notebook, our email digest for this month’s topic!

Our Flower Communion
(Rev. Don Cameron)

As a Unitarian minister, Norbert Capek had gathered around him a diverse congregation. All devout, yet all were dissatisfied with existing religious practice. Capek felt the need for some symbolic ritual to bind them together. And so the Flower Communion was inaugurated. We continue that tradition. Please remember to bring fresh flowers to share.

You Can’t Take it With You
Mindy Simmons

No matter how much wealth you accumulate, no matter how much stuff you surround yourself with, you can’t take it with you! So what will your legacy be? A bunch of stuff left behind? Or a lifetime of loving memories that your friends and family keep in their hearts once you are gone? It's about perspective! How do we learn to be moral? Is it an absolute, a compromise, a practice, all of the above? How do we get from here to there?

We Gotta Brighten Up Our Souls

The development of soul is a key component in many faith based traditions. Those with "bright souls" are said to have the fire of life within. What does that mean?
RE Students Release Their Butterflies

On May 6th, the Chalice Kids and the Chalice Sparks kicked off our Founder's Day festivities with a special release of butterflies. These pre-k, kindergarten and 1st grade students spent several weeks this spring learning about the life cycle of butterflies, as they discussed the special roles that insects play in the web of life, including as pollinators and decomposers. They watched painted lady caterpillars grow from little caterpillars to fat caterpillars, and change into chrysalis form, to finally emerge as butterflies, in their classrooms.

There was much excitement as children and their teachers brought the butterflies outside and opened their habitat. A couple of the nine butterflies took flight as soon as their enclosure was opened. Others seemed reluctant to go. The most recent to emerge were not quite ready to fly, and remained in the enclosure, though it was opened all through the Founder's Day picnic, but by the end of the afternoon, all had flown out into the world. We wish our butterflies well, with thanks for helping us learn and teach important lessons about how to interact with the natural world, and why it matters.

Director of RE, Beth Kline, begins her summer work schedule Tuesday, May 29th, with reduced work hours from 27 per week during the school year to 17 hours per week for 9 weeks in June & July. Her primary summer focus is on program planning for Fall RE start-up.

You’ll see Emerson’s trusty team of “Acting DREs” from the RE Committee and other leadership volunteers who’ll oversee Sundays while Beth has Sundays off from her regular duties. These volunteers arrive early to prep, greet guest families, assist our childcare staff, monitor summer RE activities and help clean up afterwards.

Beth is available to take calls between 10am – 4pm Tuesday, Wednesday, Thursdays and is happy to schedule appointments for meetings by emailing to: dre@emersonuu.org. Due to reduced office hours, please allow 2-3 business days for replies. She will continue to take Mondays as her Sabbath day off. She’ll see you in August!

Thanks to Paul Threatt, Dennis Smith (Troop 200), Nick Jokay, and Carl Kennedy for all their work on the moonbounce on May 20th. It was hot outside!

Calling All Religious Education Helpers!

Summertime and the days are long and living is EASY… here are some fun, easy ways to help the RE Committee in June and July as Emerson gets ready for a great year of RE starting August 12th! Do you like to clean and organize? We have new, “uniform” plastic storage boxes to transplant craft materials into so we can stack and store more efficiently. Work in a team of 3-4 friends for 2 hours for 2 sessions to make this closet miracle happen. Your choice of dates!

Every year our program Director gets heartfelt testimonials from our current RE teaching volunteers on why they love teaching kid’s about UUism on Sunday mornings. Would you like to find out more about helping as an RE Teaching volunteer? Reach out to Beth and she’ll have one of our terrific teachers call you to chat about how much they enjoy and LEARN by teaching on Sunday mornings - and how you can help! We have Lead Teachers who are looking for teaching partners to share the Sunday teaching schedules this fall. Note that Emerson loves to have classrooms with mixed genders of leaders teaching; GUYS ARE WELCOME! Every class also has Class Assistants who support our Lead Teaching volunteers; this is a perfect way to step into RE for 2 or 4 Sundays each month and learn more about our UU faith and working with kids. We offer training and RE volunteers are asked to fill out a volunteer application to start the volunteer background-check process.

The RE Committee has positions open to help with projects like being on the Acting DRE Team to cover when Beth has a Sunday off; heading up Social Justice projects with the classes; hands-on helping with family and multi-age Social Events; creating fresh new RE pamphlets and signage as well as helpers to update important policies to keep our kids and volunteers safe, healthy, educated and UU-focused.

Last but not least, our Director of Religious Ed, Beth Kline, is previewing some amazing curricula for this fall’s children and youth classes as her “beach reads” as usual this summer. If you have an education or Religious Studies background, you might enjoy reading along! Please reach out to Beth at dre@emersonuu.org to find out more on these AND OTHER ways to help our children & youth program to grow!

Forms are available from Lead Caregiver, Christine Tenery, in our Childcare Room #113.

Emerson Senior, Matthew Destefano graduated from High School on May 25th with all smiles. Congratulations, Matthew!

Serving with Strength: Lunches for Kids July 1st

On Sunday, July 1 Emerson will make lunches on Sunday, July 1st to be delivered to hungry children the next day. During the school year, free or reduced rate lunch meals don’t come out of often limited family budgets. This program provides 6,000-7,000 sack lunches daily, Monday - Friday - to children in need! Emerson has prepared hundreds of sack lunches for the past 15 years. Emerson’s goal this year is to provide 400 lunches for the July 4th week.
Beyond the Numbers: Demystifying the College Admissions Process

Sunday, Aug. 12 1:30pm

The goal of all admissions offices is to build a community among its student body through the careful and thorough application review process. At competitive colleges and universities, admissions committees take more than the GPA, SAT/ACT and class rank into consideration. This highly interactive session will examine how admissions decisions are made so students can identify a “good fit” and to help them have a better understanding of the college search and admissions decision process. Come and learn how that is done when admissions committees look “beyond the numbers.”

Ms. Carol Lee Conchar has been a Regional Director for George Washington University since 1999. She lives in Atlanta area and serves several southeastern states. She is also a member of Emerson UUC and is serving as the President of Emerson’s Board of Trustees.
